That's what I was looking at, but having difficulty creating a summary statement tying it all together, succinctly.

Can you pull from this?

Otherwise I can prepare a paragraph.

Subject: QA summary

Rick,

Is there a general summary statement that we could make about QA/QC for the Pavillion project. The draft brief provides a short discussion of the QA/QC process and refers the reader to Appendix B. It would be good to have a summary statement in the main text of the brief. Something that sums up QA/QC results in a paragraph or so. Have you already written a summary that I could refer to?
